

School & Office Furniture

School Furniture

**DIANA
PAOLUCCI**
GROUP

Diana Paolucci offers sophistication, quality and functionality in its products. Its line of school furniture includes tables, chairs and lockers for all levels (from preschool to university), with a design tailored to the taste and necessity of each customer, from classic to innovative, from simple to sophisticated.

With a concern for the best way of accommodating students, Diana Paolucci develops ergonomic furniture which provide higher comfort, which facilitates the learning process.

Outside the classroom environment, Diana Paolucci has a complete furniture line for the administrative and lunchroom areas. Tables, chairs and armchairs for offices, chairs and armchairs for auditoriums, lunchrooms and other departments. Structure and finish for various needs and requirements.

Office Furniture

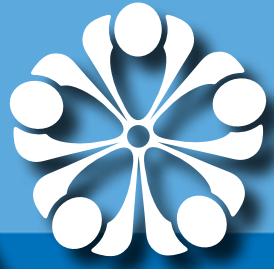

For the office and administrative segment, both governmental and private, Diana Paolucci develops and markets state-of-the-art products. The wide range of products offered by Diana Paolucci include all the requirements of a contemporary office. Therefore it manufactures and supplies office furniture in steel, wood and injections.

GROUP

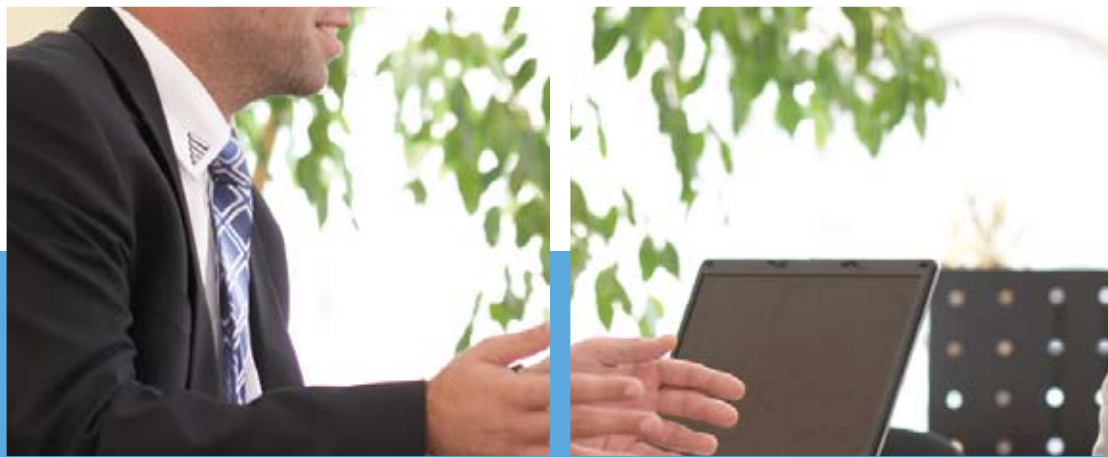

However, this superior standard is not limited to the technical, functional and formal aspects. Diana Paolucci also makes a difference by making correct information available in customer service, designing intelligent products, delivering on time and quickly assembling, and also in after-sale services.

It should be noted that, in addition to satisfying a strict quality control, all the materials developed comply with the ergonomic and safety specifications established by the ABNT - Associação Brasileira de Normas Técnicas [Brazilian Association of Technical Standards] regulations NBR 13962, NBR 14006 and NR 17, among others.
